WHAT IS GDS®?

ALWAYS PROTECTED. ALWAYS CONNECTED.™ WITH GDS® TECHNOLOGY™

It's not just a tagline—it's a promise. When you see the distinctive, recognizable GDS® Green™ color while shopping for chargers, docks, and skins, you know you can count on quality and reliability.

The GDS® platform provides protection, charging, and data sync capabilities across a wide range of phones and tablets, making it a perfect solution for business applications like agriculture, fleet transportation, material handling, retail, and much more. With GDS® Compatible™ IntelliSkin® protective sleeves and GDS® Tech™ pogo pin technology-enabled docks and accessories, simplify the process of upgrading devices while taking advantage of a standardized charging ecosystem.

HOW GDS® WORKS

GDS® ECOSYSTEM™

TURN TO DISTINCTIVE GDS® GREEN™ FOR ANY VERTICAL

The GDS® Ecosystem™ offers everything to keep your devices protected, connected, and charged in nearly any application. Ruggedized GDS® Technology™ pogo pins ensure compatibility across IntelliSkin® sleeves and GDS® Docks™, adapters, chargers, keyboards, speakers, monitors, and more. And most products in the GDS® Ecosystem™ are RAM® Mounts Compatible™, so you can rely on the RAM® double ball and socket system for adjustability, durability, and vibration dampening.

INTELLISKIN®

PROTECT YOUR INVESTMENT

IntelliSkin® is a protective sleeve for phones and tablets featuring GDS® Tech™ with pogo pin technology and military-grade drop protection. With an integrated GDS® connector molded directly into each skin and ruggedized docking contacts on each skin's exterior, IntelliSkin® is designed to extend the life of devices by preventing damage to the charging port from repetitive docking. IntelliSkin®-compatible with a wide range of GDS® vehicle and desktop docks—safeguards against the frequent docking and use of consumer phones and tablets in a variety of demanding field applications.

GDS® DESKTOP DOCK

MIX AND MATCH DEVICE CHARGING

Perfect for office environments, GDS® desktop docks can support any device equipped with an IntelliSkin® sleeve to deliver full-time charging as well as data transfer capabilities. Docks ranging from single device support to multi-device support keep phones and tablets protected and at the ready. GDS® desktop docks support a number of phones and tablets as well as power and data communication. See the list of docks below, including power capabilities and the number of device ports.

DESKTOP EXPERIENCE ON THE GO

With Samsung DeX, you can transform your phone into a mobile office—from your vehicle to your desk. By connecting a Samsung DeX enabled device via USB to a GDS® Dock™, keep your device protected and charged while taking advantage of the desktop experience.

Compatible with any size and brand tablet with IntelliSkin®

IntelliSkin

ACCESSORIES THAT GET THE JOB DONE

Take advantage of GDS® Ergo™ accessories like the GDS® HandStand™ and shoulder strap to enable your tablet for field use. The GDS® HandStand™ is a combination hand strap and kickstand that allows you to easily take your device from the warehouse to the office—and everywhere in between. With the shoulder strap accessory, quickly attach various IntelliSkin® sleeves using the snap hooks to comfortably carry your tablet. In addition, the IntelliSkin® contact brush can be used to clean debris build-up on the GDS® contacts of IntelliSkin® sleeves. Performing routine cleaning of the GDS® contacts helps to maintain excellent performance and prevent any loss in functionality. An included adhesive pad can be attached to a variety of surfaces.

Built for OTTERBOX uniVERSE

Make your OtterBox uniVERSE-equipped tablet GDS® Compatible™ with the GDS® module. By attaching to your device's charging port, open up your tablet to the GDS® Ecosystem™ for charging, docking, and syncing capabilities anywhere from your home to the office to your vehicle.

socket mobile

Utilizing IntelliSkin® with GDS® Technology™, Socket Mobile's Duracase is a one-handed barcode scanning solution that charges the device and scanner simultaneously.

BUILD YOUR IDEAL MOUNTING SOLUTION

A wide variety of RAM® mounting accessories ensure you can secure docks and peripherals anywhere from a forklift to a work truck. Bracket adapters for displays, microphones, and speakers attach to RAM® plates and ball bases using standard hole patterns. Risers and side arm supports enable tablet vehicle docks. For retail and warehouse settings, the RAM® Power-Grip™ scanner gun holder easily mounts to square and round posts. And security knobs like the RAM® Pin-Lock™ for socket arms provide theft deterrence for peace of mind.

YOUR ALL-IN-ONE BUNDLE

This bundle for the Samsung Tab A 8.0 (2018) has everything needed to keep your device charged, protected, and connected while on the road. Included in the bundle is an IntelliSkin® sleeve, GDS® locking vehicle dock, universal B size double ball mount with two round plates, dashboard backing plate adapter, and GDS® modular hardwire charger. When it comes time to upgrade devices, the universal GDS® connector allows for scalability by simply switching the top cup of the vehicle dock.

RAM-GDS-B-101LB-SAM40U

FUTURE PROOF

SCALABLE TECHNOLOGY

The modularity of GDS® vehicle docks provide the highest quality and most cost-effective solutions for your tablet, including future device upgrades. The GDS® Ecosystem™ and universal GDS® pogo pins provide compatibility across multiple devices.

INTERCHANGEABLE SOLUTIONS

With interchangeable dock cups and top cups, you can easily modify your existing dock to work with your new IntelliSkin®-enabled device.

GDS® Vehicle Dock Top Cup for Samsung Tab E 8.0

GDS® Vehicle Dock Top Cup for Apple iPad mini 4

GDS® Vehicle Dock Top Cup for Apple iPad Air 2

GDS® Vehicle Dock Top Cup with Audio Cable for Samsung Tab 4 8.0

RAM® MOUNTS COMPATIBLE™

INVENTIVE MOUNTING SOLUTIONS

GDS® Docks™ and peripherals are RAM® Mounts Compatible™—meaning they can attach to a wide range of RAM® ball plates that include standard hole patterns. RAM® ball mounts and socket arms allow for near-infinite adjustability, while also providing shock and vibration dampening in several different applications. When it comes to mounting base options, RAM® has you covered with popular adhesive, drill-down, rail, suction cup, and RAM® No-Drill™ bases.

Double Ball Mounts

Swing Arm Mounts

MODULAR SOLUTIONS FOR EVERY USE

SLIP RESISTANT

The marine-grade aluminum and composite arm provides a strong hold that reduces slip on the rubber ball

GUARANTEED

RAM® Mounts offers a lifetime warranty on all mounting hardware

VIBRATION DAMPENING

The rubber ball absorbs the impact of the road, providing shock and vibration dampening

ADJUSTABLE

With nearly 360 degrees of articulation, each product may be adjusted to any angle with the turn of a single knob

PREMIUM DESIGN MEETS DEPENDABILITY

RAM® Mounts has long been trusted for providing inventive mounting solutions for a variety of applications. For phones, choose the mounting base that best fits your use case—from adhesive and drill-down mounts to suction cup and handlebar mounts. When it comes to tablets, trust a wide range of mounting bases like dashboard and rail mounts, post clamps, and the RAM® Pod HD™ vehicle mount.

Phone Mounts
